[503-725-8191](#)

All,

TWG Scheduling: In the Action Items memo, it is recommended that we schedule the Bacteria TWG#2 and Temp TWG #1 (one AM & the other PM) on the same day (June 19) prior to the

LSAC meeting. This approach would simplify logistics and may reduce travel time & expense for several of the TWG members.

Temp (TWG) - Potential members: A good mix of knowledge, expertise and experience is represented by this list, along with potentially affected NPS stakeholder sectors. Overall, this looks like a group that can work together well, albeit it is larger than some believe is optimal. We need to contact Greg Peterson to better understand his interest/qualifications, although he did send me his resume. Also, we still need Agriculture's proposed member (via Don Kessi). Perhaps Ryan and I can go over the list in the next few days and propose a final draft membership.

Sediment TWG: We will develop the list of potential Sediment TWG members during the next LSAC meeting, but it wouldn't hurt to have a few names in mind.

Subject: Re: Mid-Coast TMDL - Draft Action Items

Greetings,

Attached please find a draft action items memo from the 5/16 LSAC meeting for your review and consideration. We would appreciate if you could send any suggested edits or modifications by noon on Wednesday, May 23, as we are hoping to distribute to the full group by that afternoon.

As always, please feel free to contact us with any questions or concerns.

Regards,
Turner and Peter
